

MACLEOD SCHOOL FAIR HIGHLY SUCCESSFUL IN SPITE OF BAD WEATHER

The Macleod School Fair was the most successful fair, from an exhibit stand point, that has ever been held under the auspices of the School Fair Association. The weather man was not at all kind to the kiddies, for, from the early hours of the morning, it not only rained but it poured in torrents, with the result that more than a third of the exhibits entered were not brought in. The rain however did not stop a large number of the young enthusiasts from making the trip, some of them 12 to 15 miles, drenched to the skin some of them were, but smiling just the same as they proudly laid out their exhibits on the tables. When all was laid out ready for the judges, it was indeed a wonderful display in the Town Hall, of School Work, Vegetables, Flowers, Grains and Grasses and Domestic Products. The Judges when they arrived from Claresholm were amazed to see such a display on such a day.

The live stock was exhibited on the Town Square, and it was there where a large number of exhibits were short. However there were between 50 and 60 exhibits of live stock, just about fifty per cent of the entries. The members of the Pig Club deserve special mention for the splendid display they made, and for the splendid condition the pigs were in, considering the short time the boys and girls have had the pigs. By the time these pigs are ready for shipping, sometime towards the end of October, these boys and girls will reap a rich reward for their labours in feeding these pigs. There were a number of special prizes offered for these Club Pigs, but they were not awarded on account of the large number not coming in. These prizes will be awarded at the time of shipping.

The Judges were: C. C. Brenner, School Inspector Macleod for the School Work; J. W. Howe and W. M. Cockburn for Vegetables, Grains and Live Stock; Miss McIntyre and Miss Reid for Domestic Products, Sewing and Flowers.

The following is the Prize list:

What the flivver lacked in size and gloss it made up in speed and temperament as it zigzagged its bumping way amid drivers' curses and the sounds of suddenly averted motor catastrophes. To increase the thrills, Fields' control of the wheel was somewhat hampered by two fifteen ounce boxing gloves which encased his hands. At intervals in his triumphant passage down the auto-lane roadway Fields pawed the air and shouted: "I'm a lion!"

Several laps behind the erratic flivver came a policeman on the run, his face purpling with the effort of sprinting while he constantly shrieked on his whistle and shook a threatening fist at the madman's retreating back. Residents in the neighborhood were in a wild state of excitement. Mothers pushed their nubile daughters along at double-quick speed in their efforts to keep pace with the impending disaster. When they caught up with Fields they were somewhat relieved and perhaps not a little disappointed to learn that it all came under the head of good, clean film fun.

Keeping at a cautious distance in advance of the bouncing police car was a large automobile containing Director Gregory La Cava and a camera crew who recorded the adventurous ride for Fields' new Paramount comedy "Running Wild" which reaches the Empress Theatre Friday and Saturday.

Mary Brian is featured as the daughter of the star. Others in important roles are Claude Rains, Marie Shotwell, Frederick Burton and Barner Raskle. The adaptation was prepared by Roy Bryant from an idea by La Cava.

PARISIAN BEAUTY NOW IN PICTURES—PRETTY YOLA D'AVRIL, WHO DANCED WAY TO FAME ABROAD, PLAYS MANICURIST IN "SEE YOU IN JAIL"

Pretty Yola d'Avril, first National stock player, plays the part of a manicurist in "See You in Jail," which comes to the Empress next Wednesday and Thursday with Jack Mulhall featured and Alice Day playing opposite.

Yola came from France a year or so ago. She is a dainty young person, French from the ground up, but with a keen sense of humor and much native shir.

She started my work before the picture. She is a dancer. I danced my way throughout the capitals of Europe, but it was a lot of hard work. Now I am much happier. But it was fine experience.

Ray Rockett produced the picture in which she appears, and Joseph Henabry directed it. It is the story of a young man who goes to jail in place of a millionaire, and with the sympathetic direction of Roland W. Lee, the great tragedienne worked in an atmosphere perfectly suited to her temperament.

Clive Brook plays Oskar, the German prisoner. Born in England, Brook did not take up his stage and screen work till after service at Vimy Ridge, the Battle of Messines and in other engagements with his British unit. He has played opposite Betty Compson, Jetta Goudal and many others with the foremost film companies. His work for Paramount has been outstanding.

Einar Hanson, the young Swedish player, has been cast as the Brother. He is a film protégé of Mauritz Stiller, the Swedish director who recently finished "Hotel Imperial," Erich Pommer's first production in America for Paramount.

Claude Gillingwater, with 30 years of stage and six years of screen experience, plays the Father. Gustav von Seyffertitz, cast as the profiting Neighbor, is a veteran actor and stage director.

Charles Lane plays the Commandant of the prison camp and Clyde Cook, acrobat of two reel comedy fame, portrays Hans, the comedy relief of the film.

At the head of the production staff was Erich Pommer, master at making the camera rather than the titles tell the story.

Rowland W. Lee, wielded the megaphone on this, his first Paramount production. Credit Lee with "As No Man Has Loped," based on Hale's "The Man Without a Country," "Haece," "Gentle Julia," "Silver Treasure," and "Desire."

Technical supervision was entrusted to Louis Van den Ecker, with 19 years military experience in the French Foreign Legion. Van den Ecker was technician for "Beau Geste" and "Wages of Virtue."

Bert Glennon, veteran cameraman, checks up "Barbed Wire" as his sixth successive Pola Negri picture.

"TEMPERAMENTAL FEET"—DIRECTOR SHOWS WHAT CAN BE DONE WITH THEM IN "RUNNING SHOT" OF MOVIE

Have you temperamental feet? A lot may be expressed by a picture of people walking even if only their shoes are visible.

Recently while making "See You in Jail" the First National Pictures, director Joseph Henabry took a running shot of Jack Mulhall, Mack Swain and others in the cast, walking down the city street. The camera was aimed low and caught only the action of the pedal extremities.

Ray Rockett produced this film for First National and it will be seen at the Empress Theatre next Wednesday and Thursday. Lovely Alice Day, erstwhile comedy favorite, plays the feminine lead.

Jack Mulhall, always breezy, always good looking, is perfectly at home in a characterization that suits him to a "T". Much of the action is laid in Los Angeles, in the jail and the public park known as Pershing Square.

RUSSIAN SALESMANSHIP

Moscow gives the world the information that since easy divorce has been instituted in Russia the Russian birth rate has jumped to the world record figure of 44 per 1000 of population, or two and a half times the healthy birth rate of England.

Moscow also broadcasts particulars of this divorce system that effects such amazing results.

It seems that in Russia, a man who wishes to get rid of his spouse merely goes before a registrar, indicates his desire, dumps out of a bag a number of roubles equivalent to something less than a dollar—and the deed is done.

To this explanation the Russian publicity department adds naively and attractively—as they probably think—that it is quite the custom for a man to live with one woman a week or so, divorce her and get another one, and so on ad infinitum.

In short, the Russian system, it is believed, has all the advantages of the harem system, with the additional advantage that the Russian husband has only to stand the expense of keeping one wife at a time.

Publication of these alluring details may simply be Russia's way of attracting immigrants. And this Russian salesmanship will be highly successful—if Russia wants to attract all the degenerates and moral hogs in the world.

Unfortunately the rest of the world's population will only be made somewhat sickly by the picture.

SCOTS IN CANADA

Premier Baldwin, speaking in Lanarkshire, comments upon the great number of Scottish names to be found in Canada.

He says that on one province he discovered almost as many Macdonalds as there are in the Highlands of Scotland.

Canadians flatter themselves that it is the judicious mixture of English, Irish, Scotch and Welsh blood in their veins that makes them a superior people. They like to flatter themselves that they have inherited all the fine qualities of the British races without any of their faults.

In short, they like to feel that they are a happy fusion, like Mother Goose's little girl, of everything nice.

But Premier Baldwin's comment on the prevalence of Scottish blood in Canada is significant.

If there is any single outstanding characteristic of the Scottish race, it is energetic aggressiveness. Canada prides herself on the energetic aggressiveness with which this country has grown.

Premier Baldwin's compliment to Scotland, therefore, can very easily be translated into an acceptable compliment to Canada.

CORN SHOW TO BE HELD IN CALGARY

The Alberta Provincial Corn Show is to be held this year in Calgary on November 17th and 18th. At a recent meeting of the Directors of the Corn Growers' Association a prize list totalling over \$800.00 was drawn up which makes provision for all the leading varieties and classes of field corn, sweet corn and pop corn.

The more important ten ear classes are yellow flint, white flint, yellow dent, white dent, northwestern dent, and Falconer for each of which fifteen prizes are offered, with a first prize of twenty dollars.

At last year's show the classes which attracted the most attention were those for 100 ears, one for flint varieties and one for dent varieties. These classes are being continued with a first prize of fifty dollars in each class, and others of twenty, ten and five. There are also classes for sheaves, and those intending to compete in the sheaf classes should save corn at an early date and cure the mwith the ears and leaves intact.

For boys and girls under seventeen years there are two classes, one for fifteen prizes in each class, one for ten ears of white flint and one for ten ears of yellow flint. A silver challenge trophy is to be awarded to the owner of the best exhibit in the junior classes.

The prize list with rules and regulations will be issued shortly and may be had by writing to the secretary-treasurer of the Corn Growers' Association—James Murray, Medicine Hat.

BUY AT HOME
Spend Your Money in Macleod

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people of Macleod become the builders of their own community.

No True Citizen

The heavyweight championship between Tunney and Dempsey on Thursday of this week caused a large interest in Macleod, such as never been seen before. The Radios at the Vets Club, Scougall's Office, Stewart's Garage, Al West's Pool Room and at Oscar's were all filled with fight fans getting the result of the contest round by round. It was a splendid night for broadcasting and the results came in clear. The fans had a good run for their money.

Tunney being awarded the decision after they had fought the full ten rounds. The fight by rounds in next weeks Times.

R. V. Baker holds the pennant for good shooting luck this season so far, on Tuesday of this week he ventured forth and happened to run into a large covey of hungarians and by the time they finally decided to go he secured fourteen of their brethren.

Stamp collectors at Macleod and Lethbridge who have been endeavoring to obtain a specimen of the surcharged or overprinted stamps issued by the government for the first Canadian Trans-Atlantic (London to London) air flight carrying mail, have been informed that only one hundred stamps were issued and the affair seems to have been in the nature of a close corporation as regards the stamps—all of them having been used by government officials. As high as \$1,000.00 was offered for five of these stamps and in five cases the offers being refused.

SOME CHANGES IN MACLEOD SCHOOLS TEACHING STAFF—MACLEOD STUDENTS BACK TO GRIND

All the Macleod schools were reopened September 1st after the summer holidays, with a full staff of teachers. At the High School, C. A. Anderson, B.A., is principal, with Miss Ethel Cobb, B.A., as assistant for grades X, XI, and XII. In the Public School, Miss E. H. Atkinson is principal and teaching grade IX. Miss Gladys H. Tabor, grade VIII; Miss Velma Kirk, grade VII; Miss Anna M. Tabor, grade VI; Miss Janet Griffin, grades sr. IV, and V; Miss Gwendolyn Martin, grades III and jr. IV; Mrs. Grady, grade II; Miss C. Bloomer, grade I. The new members on the staff are Mr. Anderson, Miss G. Martin and Miss Bloomer. There was a large enrollment of pupils for the first day, especially in some of the grades in the High School.

In the separat school, Miss G. Lynden of Claresholm assumed the duties of teacher, in place of Miss Mary Walsh, who returned to her old appointment in Calgary, after teaching in Macleod for a year. There was about the usual number of pupils enrolled. Quite a number of pupils of this school passed in grade VIII, at the last departmental exams, and will now attend the High School, in Macleod.

MACLEOD CLOSING SCHOOLS FOR TWO WEEKS FOLLOWING REPORT OF CASE OF INFANTILE PARALYSIS AT GRANUM

An emergency meeting of the board of health of the town of Macleod, was held Sunday afternoon in the town office, it having been reported that a case of infantile paralysis had developed at Granum, and it was thought wise to take steps to prevent the spread of the disease to Macleod.

Besides the members of the board of health, there were present the doctors of the town and the principals of the three schools. After discussing the matter fully and on the advice of the doctors, it was decided to close the schools for two weeks, and to prohibit all children under 18 years of age from attending any public gathering, such as church services, Sunday schools, theatre or any public meeting whatsoever. It was suggested that parents keep their children at home as much as possible and off the public streets. By taking these precautions in time the board of health and town officials hope to prevent a spread of this disease to the town and district of Macleod.

HOW GREEN CAN WHEAT BE CUT

How green can wheat be cut with safety?

That question was propounded to Supt. Fairfield of the Experimental Farm Lethbridge by President J. Y. Card of the Cardston Board of Trade on behalf of farmers in that district who, due to the weather last spring, were unable to seed until late. Many are anxious to start cutting but are holding back, fearful that the grain would not mature and make good grade if cut now. Mr. Fairfield answers the query this way:

"A good rule of thumb is to pay little attention to the color of the straw. If a farmer examines the kernel of wheat he will find that it develops upwards. As soon as the tip end of the kernel is fully rounded out the grain can be cut. This rounding out usually occurs by the time the wheat is in the soft dough. Wheat cut then, and well stooked will make good grade grain provided the weather following is not too wet."

The cause of most connubial unhappiness is the fact that people get about what they deserve.

INNOVATIONS—in Ladies' Hosiery. The latest creation is a full fashioned hose all pure silk to the top, three ply heel and toe, and guaranteed to fit the most fastidious leg in existence. This should be the last thing in hosiery, there is nothing better and in all probability there never will be. The time is gone when a man would be thought rude for admiring a beautiful leg, now it is the opposite, for if he passes by and takes no notice he is called an old bore or an old fossil who sees no beauty in an exquisitely molded leg, its beauty enhanced by the latest thing in hose. Girls, before anything happens to you try a pair of Full-Fashioned Hose, three ply heel and toe, manufactured by the Hole Proof Hosiery Company, advertised in every paper on the continent and worn by every smart girl. We have just received a few dozen pairs to go on with, as it is impossible to fill orders until the manufacturers catch up. We challenge any competitor in the market to beat our \$1.25 hose, it is reduced to \$1.00. Girls in office say it is positively the best on the market for wear. Personally we don't know why a woman wants better. But there you are, the unattainable is not too good for them, and until the end of the chapter they will forever strive for the inevitable prerogative of the feminine sex.
